Angelina stands out while blending in

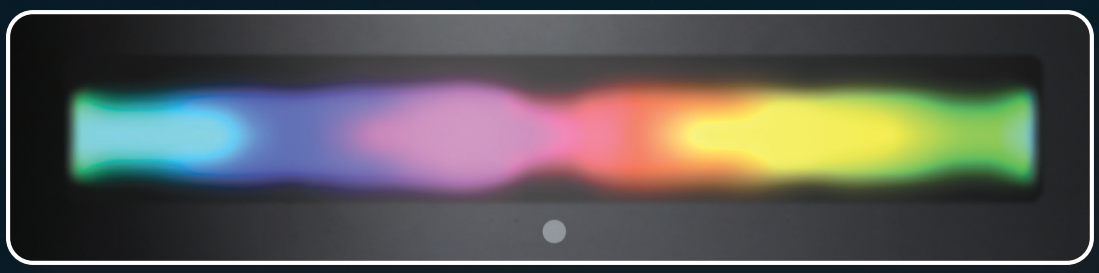
- The clean lines, light rim and “floating” appearance of Angelina allow it to complement any space. It’s design simultaneously makes it instantly recognizable, grabbing the attention of loyal TouchTunes users while intriguing new users to play.
- Projects a large presence while only requiring 24” of horizontal wall space

Enhance your vibe with just one look

The wall wash can be programed to the color scheme and pattern of your choice, capturing the exact emotional depth you want your patrons to experience when entering your venue.

The visualizer can be programmed to pulse to the vibe & energy you want to create.

Features the most sophisticated, music-driven lighting ever delivered on a jukebox!



Breakthrough operator efficiency

- The industry's first no-wire, component-to-component design with snap-in part replacement changes the game for in-venue support, reducing both service times and inventory needs.
- Minimized wiring nearly eliminates a major source of jukebox failure.
- All new, installer-friendly bracket and lightweight reinforced aluminum chassis enables single-person installation while providing the strength and robustness venues need.

TouchTunes leads the way with this best-in-class jukebox that adds a high value only we can bring. An in-venue music solution of this caliber delivers for operators on both the top and bottom line.

More value for you

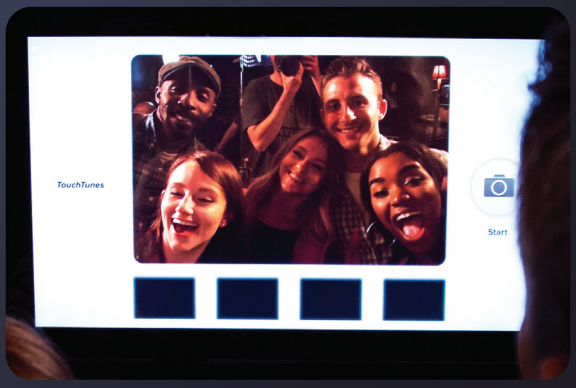
Angelina is built to sustain performance into the future and is powered to run more efficiently on today's busy networks.

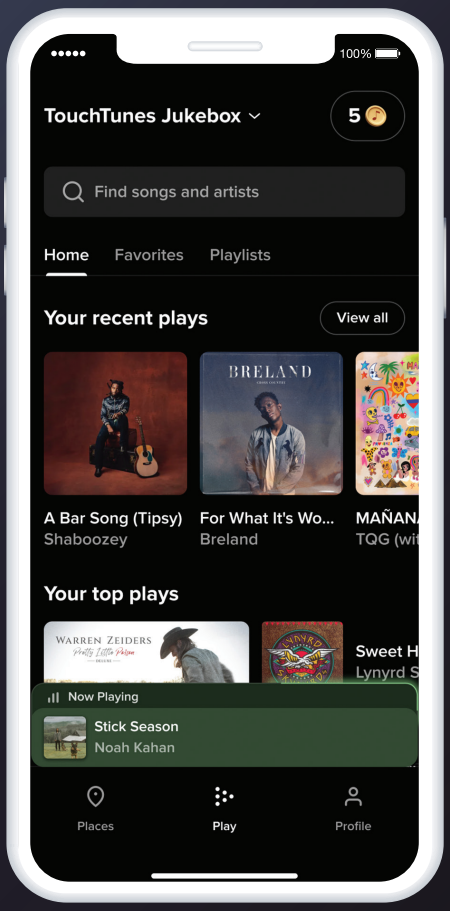
- Powerful and Upgradable. Angelina boasts a powerful, fanless architecture that runs cooler and allows for easy chipset upgrades in the future. Cooler components generally last longer.
- Best-in-class electrical, mechanical and durability testing by Intertek to ensure the highest level of reliability.

Integrated PhotoBooth
draws a crowd

With the touch of a button, Angelina transforms into an interactive photobooth that inspires your customers to be spontaneous. PhotoBooth draws a crowd and adds a new dimension of social interaction that sets your venue apart.

- PhotoBooth is free to jukebox customers, generating more engagement and setting your jukebox apart.
- Upgraded camera improves image quality and is easier to set up.
- Features seasonal and holiday-themed promotions that venues can incorporate into their promotional plans and activities.
- The music never stops. Jukebox music keeps playing while PhotoBooth is in use.





The app that sets
the vibe on fire

With a state-of-the-art, #1 rated mobile app, guests can play the jukebox directly from their phone without leaving their seat. It's easier than ever for guests to stay longer and spend more.

App highlights

- Play the perfect song anytime
- Connect to 65,000 jukeboxes worldwide
- Earn free credits the more you play from the app
- Home screen and song recommendations are fully personalized to help guests set their perfect vibe faster
- See every song waiting to be played and know when your song will play
- The map allows you to see every jukebox coast to coast

TouchTunes
For Business

TouchTunes Music Corporation brings innovative entertainment solutions to over 65,000 bars and restaurants across North America. Our jukebox network is designed to create unique experiences that attract patrons and encourage them to stay longer.

In addition to delivering an incredible music experience, TouchTunes Music Corporation also provides a multi-application platform that engages patrons with alternative entertainment experiences including a companion mobile app and an interactive photobooth.

TouchTunes Music Corporation makes its products and services available through an extensive network of qualified, local amusement operators.
